

## SPONSORSHIP BOOKLET

# ISTW

23<sup>rd</sup> INTERNATIONAL SPHERICAL TORUS WORKSHOP

**SEVILLA 16 - 20 NOVEMBER 2026**

<https://istw2026.psft.eu/>

### SCIENTIFIC PROGRAM

Machine Overviews

Fusion Power Plant Designs

Diagnostics

Transport and Turbulence

Heating and Current Drive

Energetic Particles

Edge and Exhaust

Equilibrium Stability and Control

### SCIENTIFIC COMMITTEE

**M. Garcia-Munoz** (Chair)  
University of Seville, Seville, Spain

**K. Thome**  
General Atomics, San Diego, CA, USA

**J.-K. Park**  
Seoul National University, Seoul,  
Republic of Korea

**O. Asunta**  
Tokamak Energy, Abingdon, UK

**Y. Tan**  
Tsinghua University, Beijing, China

**S. Elmore**  
United Kingdom Atomic Energy  
Authority, Abingdon, UK

**E. Viezzer**  
University of Seville, Seville, Spain

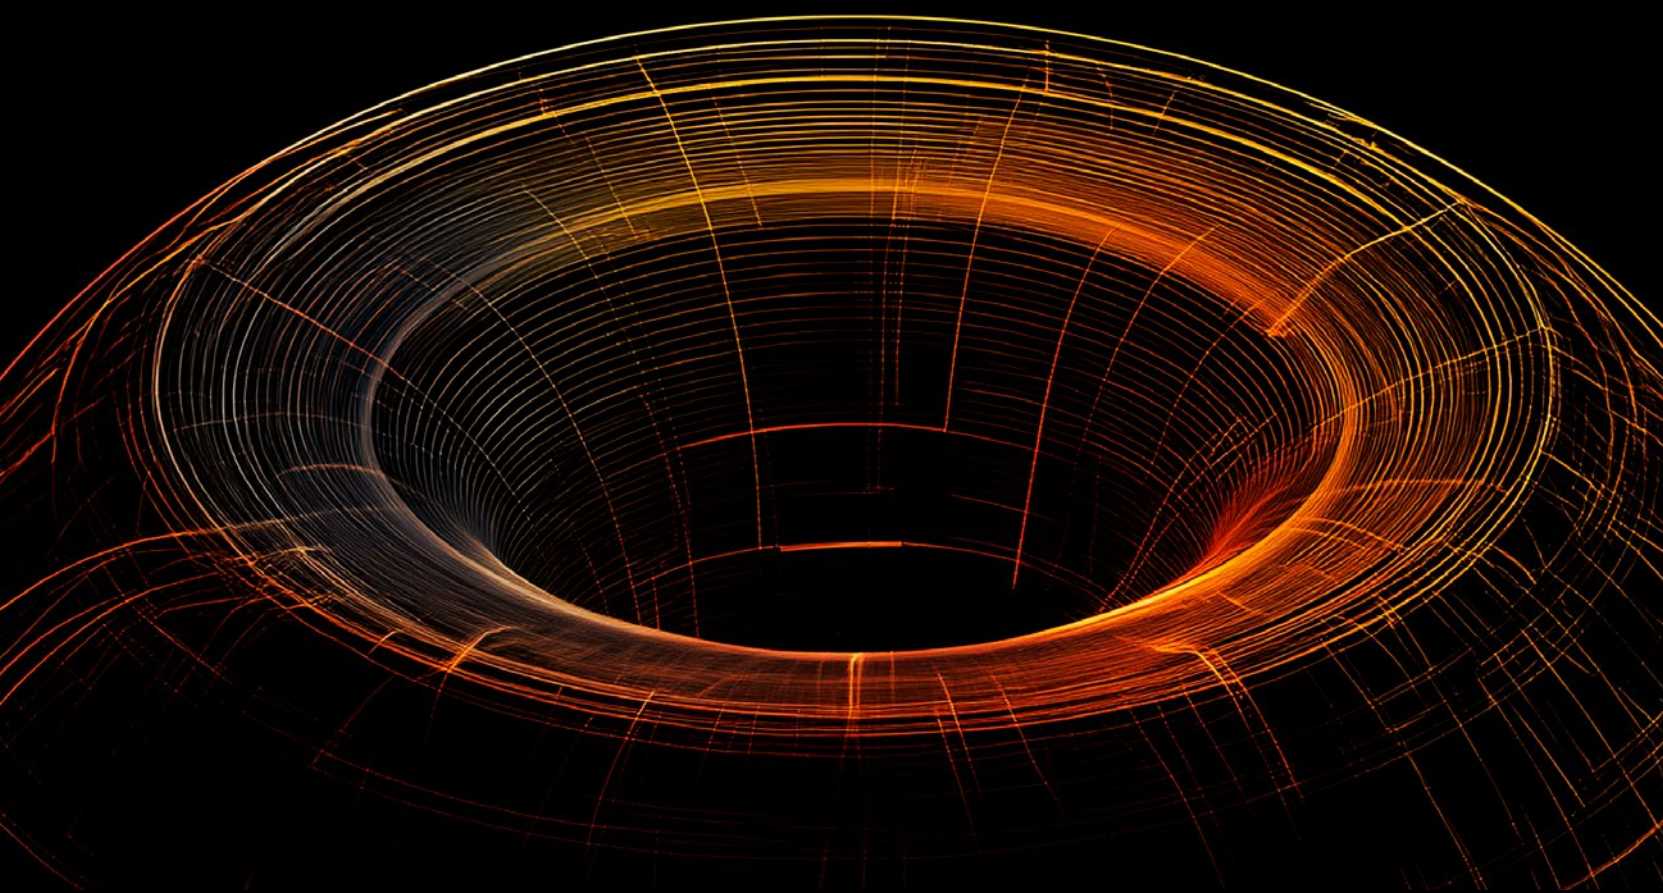

**A. Ejiri**  
University of Tokyo, Tokyo, Japan

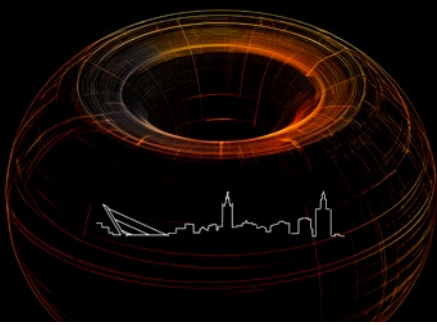

**S. Diem**  
University of Wisconsin, Madison, WI, USA

## GENERAL INFORMATION

On behalf of the Local Organising Committee and the International Program Committee, we are pleased to invite industrial partners, technology providers, startups, and exhibitors to participate in the **23<sup>rd</sup> International Spherical Torus Workshop — ISTW 2026**, which will take place in the historic city of **Seville, Spain, from 16 to 20 November 2026**.

The workshop is organised by the **Plasma Science and Fusion Technology Laboratory of the University of Seville** and will be held at the **Hotel Giralda Center**, conveniently located close to Seville city centre and within walking distance of the renowned **Plaza de España**.

ISTW 2026 will bring together leading scientists, engineers, research institutions, laboratories, and industry representatives from the international fusion community. The workshop will focus on the latest developments in **spherical tokamaks and low-aspect-ratio fusion devices**, covering key scientific and technological challenges on the path towards fusion energy.

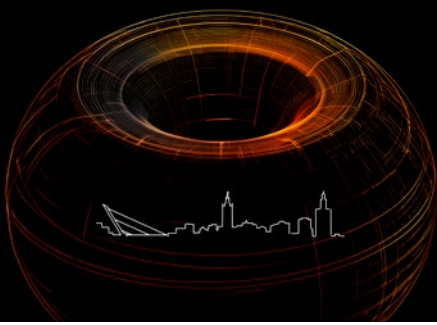

The scientific programme will include invited lectures, oral presentations, poster sessions, and dedicated opportunities for discussion and networking.

### Why Sponsor ISTW 2026?

ISTW 2026 offers companies, startups, and technology providers a unique opportunity to position themselves within a highly specialised and rapidly evolving area of fusion research and technology.

By becoming a sponsor or exhibitor, your organisation will benefit from:

- **Featured presence**  
Brand visibility in official workshop materials, including the programme, signage, website, and digital communications, within a high-level international scientific environment.
- **Access to relevant scientific content**  
Sponsors and exhibitors will have the opportunity to attend key scientific sessions as observers, gaining direct exposure to the latest advances in fusion physics, plasma technology, diagnostics, control systems, materials, heating systems, and future fusion power plant concepts.
- **Interaction with leading researchers**  
Direct engagement with internationally recognised researchers, engineers, laboratories, universities, and institutions working at the forefront of spherical tokamak research and fusion energy development.
- **Visibility within the fusion ecosystem**  
The workshop provides a focused platform to present your organisation's capabilities, technologies, products, and services to a technically engaged audience.

## GENERAL INFORMATION

- **Business development and collaboration opportunities**  
ISTW 2026 will offer opportunities to identify potential customers, research partners, suppliers, investors, and collaborators across academia, public research organisations, and industry.
- **Access to highly skilled talent**  
Sponsors will be able to connect with early-career researchers, engineers, PhD students, and technical experts active in fusion science and technology.
- **Contribution to scientific progress**  
Your support will contribute directly to a platform that fosters innovation in fusion energy through the exchange of scientific results, technological advances, ideas, and collaborative projects.

## Exhibition and Booth Opportunities

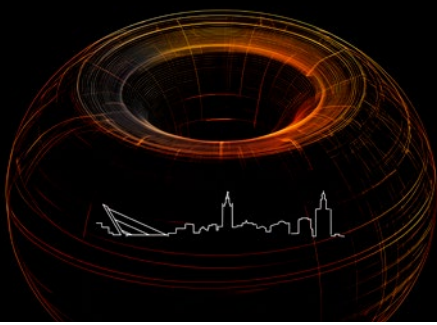

Dedicated exhibition space will be available at the workshop venue, allowing sponsors and exhibitors to interact directly with participants throughout the event. Exhibitors will benefit from:

- **Customisable booth space** for technology displays, hardware, prototypes, instrumentation, software demonstrations, or promotional material
- **Strategic placement in high-traffic areas**, including areas close to coffee breaks, poster sessions, and networking spaces
- **Access to power and connectivity** for demonstrations and digital presentations
- **Direct interaction with participants** during breaks, poster sessions, and informal networking periods
- **Flexible options for startups and established companies**, allowing different levels of visibility and engagement

The exhibition area will be designed to encourage continuous interaction between participants, sponsors, and exhibitors during the workshop.

## Booth registration deadline

Companies and organisations wishing to reserve exhibition space are invited to confirm their participation by 1 October 2026. Early registration is encouraged, as booth availability may be limited and spaces will be allocated according to sponsorship level and order of confirmation.

## GENERAL INFORMATION

### Branding and Visibility

ISTW 2026 sponsors will receive prominent visibility before, during, and after the event through a range of branding opportunities.

Depending on the sponsorship level, visibility may include:

- Sponsor logo on the official ISTW 2026 website
- Logo and acknowledgement in the workshop programme
- Recognition in the abstract book or digital proceedings
- On-site branding through banners, signage, or digital displays
- Acknowledgement during the opening and/or closing sessions
- Inclusion in participant communications and promotional materials
- Branding opportunities linked to coffee breaks, poster sessions, conference materials, or social events
- Option to include promotional material in participant welcome packs or digital information channels

These opportunities are designed to provide sustained visibility and meaningful engagement with the international fusion community attending ISTW 2026.

### Scientific Scope

The workshop will address key topics related to spherical tokamaks and low-aspect-ratio fusion devices, including:

- Machine overviews
- Future fusion power plant designs
- Diagnostics
- Transport and turbulence
- Heating and current drive
- Energetic particles
- Edge physics and exhaust
- Equilibrium, stability, and control

# ISTW

23<sup>rd</sup> INTERNATIONAL SPHERICAL TORUS WORKSHOP

SEVILLA 16 - 20  
NOVEMBER 2026

---

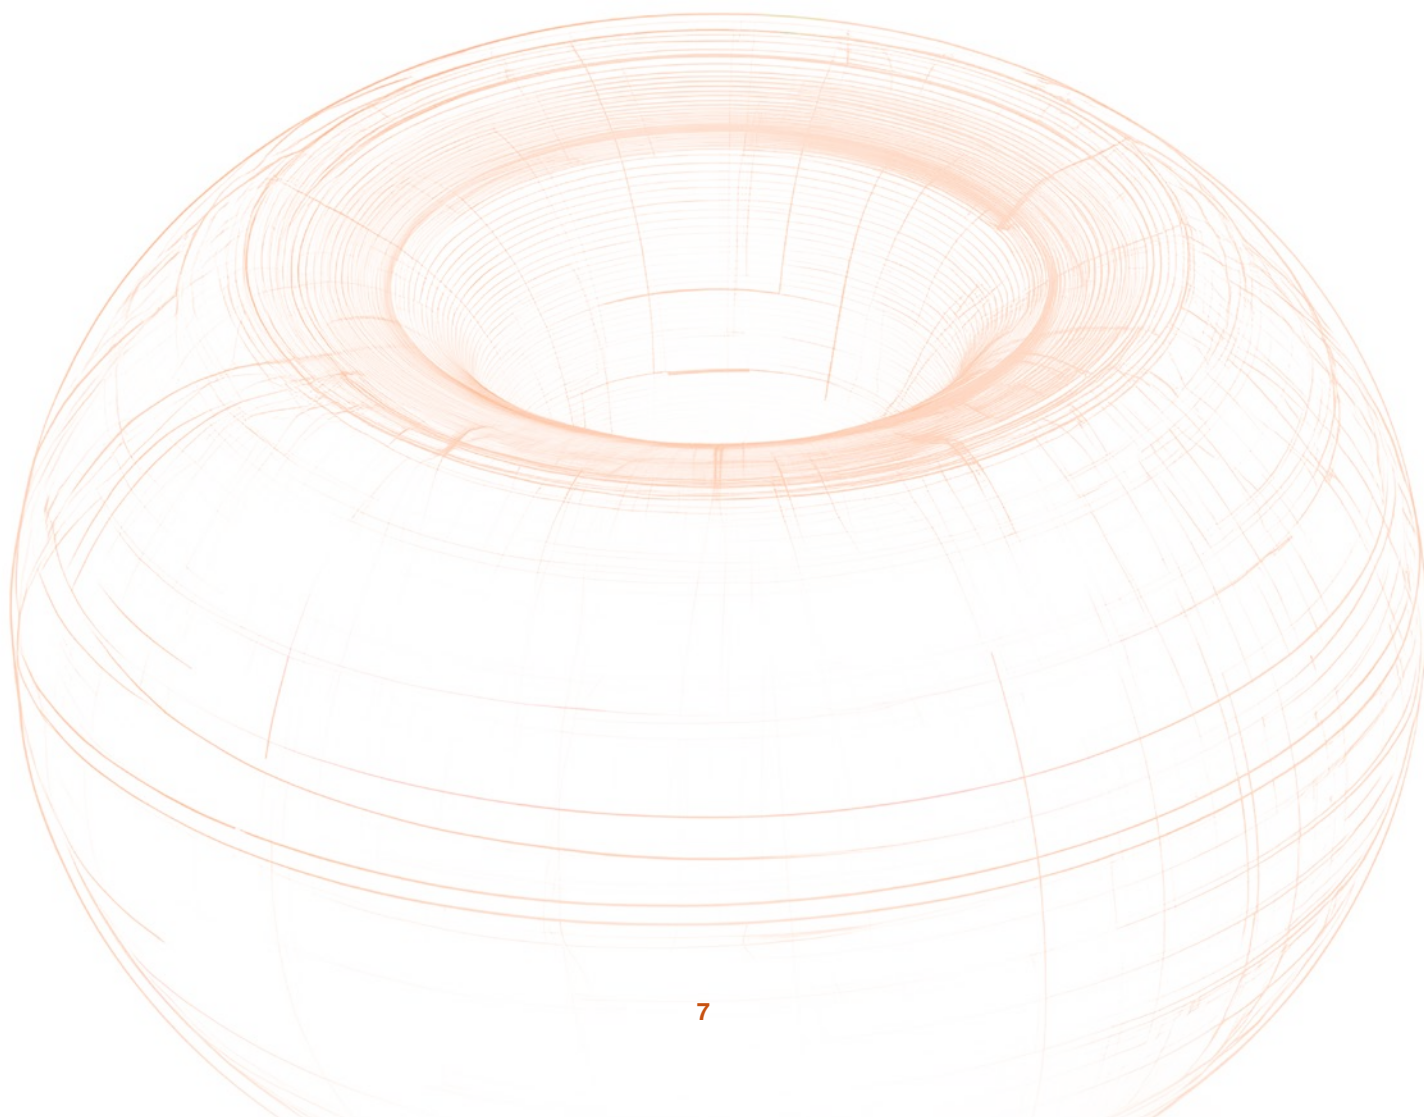

## GENERAL INFORMATION

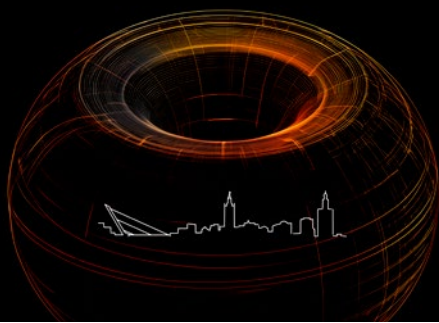

### Join Us in Seville

By joining ISTW 2026 as a sponsor or exhibitor, your organisation will gain direct access to a highly relevant international scientific and technological audience, strengthen its visibility within the fusion sector, and actively support progress towards fusion energy.

We warmly invite companies, startups, technology providers, and industrial partners to take part in ISTW 2026 and contribute to the success of this important international workshop.

**Booth and sponsorship registration deadline: 1 October 2026.**

## SPONSORSHIP PACKAGES

|                                                                                  | GOLD    | SILVER  |

*VAT - Taxes not included*

## SPONSORSHIP PAYMENTS

- All sponsorship items are listed in local currency. Fees do not include taxes.
- The full payment will be due once all the necessary documentation has been completed. Deadline **October 1st 2026**.
- Additional costs relating to international payments, currency exchange or alternative payment methods need to be borne by the Sponsor.

### Additional information:

- Final Programme will be included in the conference bag in a printed version and it will be also available in the web site.
- Promotional materials should be sent to the Technical Secretariat (by post). Further details and technical specifications will be sent to you at a later date.
- To discuss the sponsorship and exhibition opportunities listed within this dossier please contact: [istw2026@psft.eu](mailto:istw2026@psft.eu).
- For all conference queries, including payment, invoicing and logistics, please contact the organising team at [istw2026@psft.eu](mailto:istw2026@psft.eu).
